Izvestia (Moscow issue), January 19, 2012, p. 6

THE SENTENCE WAS EXECUTED

After a series of big aviation catastrophes last year the authorities adopted a course at implementation of harsher rules of aviation transportation. However, like this often happens, slow implementation compensates for harshness of the upcoming changes. Not a single novelty announced by the government started working in 2012. For example, this is removal of old Soviet aircraft from operation or implementation of requirements to the quantity of aircraft of the same type in air carriers.

RBC daily, January 17, 2012, pp. 1, 7

SUPERJET-100: FROM FLIGHT TO FLIGHT
